# Engagement and relationships at club, school and community level

- I will attend all club meetings
- I will be in time to all events
- I will stop saying words that will affect others psychologically
- I will be more supportive to my family and support them to make the home safe

- I will know the name of a lot of people in my community
- I will get people to events
- I will influence community members to take action on VAC
- I will have relationships with at least five decision makers of our community
- I will influence them on VAC activities

- I will know when any child is abused in community or school
- I will stand up to anyone who has been abused
- I will volunteer to community projects to protect children and youth

- I will teach my skills to younger group members
- I will advise other students on life style choices and problems
