*The Sierra Leone Chapter of the worldwide movement for children's rights*

## KABALA

PROJECT TITLE

# Strengthening Children and Youth Advocacy work

# BACKGROUND

- Young people are often marginalized and ignored in decision-making and development processes. The government is not doing much to invest in them
- Government is working with its partners including DCI-SL, UNICEF, Plan Int. and other NGO's to build Child Protection Systems in the country.
- This has been done in Western area, Moyamba, Bombali, Port Loko, Kailahun, Bo and kenema Districts.
- Koinadugu/Kabala is one of the districts that has not had such a network and therefore limits the opportunity for children and young people in Kabala to participate and contribute to development processes at communities, district and national levels.
- Further more, UNICEF (2013 : An Evaluation of Teenage Pregnancy Pilot Projects in Sierra Leone) report indicated that Koinadugu is one of the leading districts where issues of teenage pregnancies and early marriages are at alarming rate up to date. This has not only limited the role children and young persons play in the development of the district but has also reduced their role in effective decision making processes as it is with the VAC/CYAB implemented projects in the six listed above; with this current trend, the need for children to participate in decision making processes and capacity building to be self-reliant at communities, districts and national levels are of vital importance, hence this project is designed to fill in the gap.

# OBJECTIVES

- To strengthen and harmonize the work of existing children and youth groups for effective participation.
- To influence the District Council to include child protection into their development agenda
- To support advocacy work of children and youths in order to assist them contribute to addressing issues that affect them particularly at the local level.

# TARGET

**40 CHILDREN TO FORM the GROUP**

**Level 1:** DCI-SL will train 40 children/youths (20 girls and 20 boys) as members of the CYAB and peer educators and advocates for children and youths in Kabala

**Level 2:** The 40 CYAB peer educators will reach out to at least 120 children and youths in the community each year to bring positive influence into their lives through knowledge transfer. The strategy is that each CYAB member should target at least three children/youths every year from the community. These will be the children that they will bring together to commemorate the Day of the African Child- June 16<sup>th</sup> every year.
