

Education

Every year YAN selects 25 to 30 vulnerable young people.

Stichting Taiama- Andreas supports these people with uniforms, shoes and school materials.

The students are going to attend one of the five big secondary schools in Kabala: Kabala Secondary School, Ahmadiyya Secondary School, Yogomaya Secondary School, LOMA Secondary School and Kabala Secondary School for Girls.

At the end of every schoolyear the progress of every student will be evaluated to decide if the support will be continued.

There is also a limited opportunity for YAN members to get support for vocational education inside Kabala.

At the YAN office Stichting Taiama-Andreas did install two computers. A few members got the opportunity to follow computer classes. With that knowledge these members can teach their YAN peers.

Activities

The Youth Advocacy Network (YAN) meets every Saturday at 4 P.M. at the YAN office, Off Bankolia Road, Kabala.

The Youth Advocacy Network organizes at least four (advocacy) events a year.

Twice a year YAN will take part in the National Cleaning Day (every first Saturday of the month)

Some activities are sponsored by Stichting Taiama-Andreas (STA) in the Netherlands.

YAN and STA are looking for a way to make YAN less dependent from foreign aid.. Therefore Stichting Taiama-Andreas and the Youth Advocacy Network highly welcomes authorities in Sierra Leone who would like to sponsor and support these enthusiastic young people.
